Grants for the improvement of Drainage and water Supply in Chickballapur Town Mlty (1)

Mlc File No of 1941-42 [App F III—2

Serial No

From The D C Kolar Dist
Letter no A_5 C 768/41-42 dt 3 Dec 41

Recommends that a sum of Rs 4000/- may be granted out of the reserve held under T I grants for the current year towards the drainage scheme and a sum of Rs 2000/- out of the reserve held under the H S grants for the current year towards the improvement of water Supply at the place

1) It is stated that a grant of R 4000/ was sanctioned to the Mlty during the year 1939-40 being a moiety of the Cost of Rs 8000/- for the Completion of the Ist Stage of the Comprehensive drainage scheme The Mc Council provided a sum of Rs 4000/- in their budget for 1940-41 in anticipation of getting a Govt grant of a like sum But the work could not be proceeded with during 1940-41 as no grant was sanctioned by Govt during that year A provision of Rs 4000/ has been made in the current years budget of the Mlty towards the Cost of the 2nd Stage of the scheme The D.C recommends that a grant of R 4000/ may be given to the Mlty out of the reserve held under T I grants for the current year to make up the sum of R 8000/- being the estimated Cost of the 2nd Stage

2) The Mc Council have made a further provision of a sum of Rs 2000/- in the Current years budget towards the improvement of water Supply at the place It is recommended that a grant of Rs 2000/- out of the reserve held under H S grants for the current year may also be given to the Mlty for the improvement of water Supply by sinking borewells at the place Asked for orders

Records for orders

Grant of Rs 4000 from the T I Grant towards half the Cost of the second stage of the drainage work, during 1941-42, the Mcty having provided a like sum in the Budget

Grant of Rs 2000 out of the Years Water supply Grant the Mcty having provided an equal sum in the Budget

Regards the grant for drainage, no guarantee has been held out that Govt would be giving the grant every year In fact it was ordered in G O No L 3024 7/ Rel 111-38-Ag 21 9 39 that the further stages of the work should be financed from the Municipal funds without looking to Govt for grants If at all hereafter a grant is to be made, it has to be done as a Concession It does not appear that there is so much Reserve available under the T I grant An additional grant may be necessary

As for the Water supply Grant from Ramekon was accorded in 1940 to sinking a borewell

It was represented to me that the drainage grant of Rs 2,000/- per annum is not being given to the Chikballapur Town for the last two years The papers relating to this question may be put up

Law Secretary) 17 4 42

Hon 17 4 42

Submitted

Kind reference is invited to the paras 23 and 24 of the notes on the file on the subject Govt have not sanctioned any grant for drainage for 1940 41 & grant to the mdly Rs no guarantee was held out to it for such grants In fact it was directed that the Municipal should try to finance further stages of the scheme from its own funds without looking for Govt grant Further the small resurvey Rs 4188 left under the T I grants duly the current year does not permit of a grant being made this year

3 A list of additional grants asked from the several Local Bodies is separately put up for Consideration and orders as per orders of the Minister L S G at para 26 of the notes on the file It is seen from the list, that a sum of Rs 40000 being a resurvey of the estimated cost of the 2nd stage of the drainage scheme has been included in the addl grants required during the current year

Hon 2 23/4/42

For the estimate of the scheme a sanction of Rs for the municipality to proceed entirely on its funds the municipality is prepared to meet half the cost without recourse to Govt loans which has been the common feature of many municipalities in view of their earnestness to pay their quota and of the communal importance of this town half of the cost of the scheme may be met by Govt so that there is no money available, this may be included for the additional grants in this year's budget provision made from next year onwards

FINAL NOTE BY THE MINISTER FOR LOCAL SELF GOVERNMENT AND PUBLIC HEALTH

Subject —

Drainage scheme for the Chikballapur Town

*****

In their Order No L 3024-7/Ml 111-38-8 dated the 21st September 1939, Government sanctioned a drainage scheme estimated at Rs 66,900/- for the Chikballapur Town, to be executed in eight stages Towards the first stage of the work, a sum of Rs 4,000/- being the moiety of the cost was granted out of the town improvement grants for the year 1939-40 and the Municipal Council was asked to meet the cost of the remaining stages of the scheme entirely out of its funds

The first stage of the scheme was completed during the year 1939-40, but the Municipal Council have not taken up the remaining stages of work during the subsequent years due to their inability to provide for the entire cost of each stage out of their funds They plead their inability to meet the entire cost of the remaining stages and request that a moiety thereof may be met by Government During my inspection of the town, I found that the early completion of the scheme is essential In view of the commercia importance of the town and the earnestness of the Council to meet their quota out of their own funds without recourse to Government loans which is a common feature of many other Municipalities, it is proposed to meet half the entire cost of the scheme by Government and to provide a sum of Rs 4,000/- every year towards the completion of the remaining stages of work

page 104 12 pages

The Dewan and the other Ministers agree and I solicit His Highness' gracious approval to the proposal

SECY LAW DEPT 5 DEC 1941 GOVT OF MYSORE

GEN & I SECT 5 DEC 1941 L S G D BNGL

Subject:-Grants for the improvement of drainage and water supply in the Chickballapur Town Municipality

Adverting to Government Order Nos L 2420-32/Ml 102-41-5 dated 18-9-1941 and L 3037-51/Ml 101-41-7 dated 20-10-1941 distributing the allotments under "Water Supply' and 'Town Improvement" Grants among the several Municipalities in the State for the current year and holding Rs 58,567/- and Rs 46,033/- respectively in reserve under the two heads to meet emergent requirements, I have the honour to state that a grant of Rs 6000/- as noted in the margin had been recommended in this office letter No A5 P R 59/41-42 dated dated 1-9-1941 but the same has not been sanctioned

1 Rs 4000/- for drainage
2 Rs 2000/- for sinking of borewells

A comprehensive drainage scheme for Chickballapur town at an estimated cost of Rs 66,900/- was sanctioned by Government in their order No L 3024-7/Ml 111-38-4 dated 21-9-1939 and a grant of Rs 4000/- was also sanctioned in the same order to enable the first stage of the scheme being worked out at a cost of Rs.8000/- the balance of cost being met from Municipal Funds This work has been completed and further progress of the scheme has been held up for want of funds The Municipal Council had set apart Rs 4000/- for this work during 1940-41, with the expectation of getting a like amount as a grant from Government A recommendation was made to Government in this office letter No A5 C.441/40-41 dated 11-9-1940 to sanction the grant prayed for But as no grant was sanctioned during 1940-41 the work could not be proceeded with The Municipal Council have again provided a sum of Rs 4000/- during the current year also and pray for a grant of an equal amount to enable them to

Flag 'N'

P t o

work out another stage at a cost of Rs 8000/- The condition of drains in the town leaves much to be desired and it is necessary to complete the scheme within as short a time as possible

The position in regard to water supply in Chickballapur town was explained in this office letter No A5 & 586/40-41 dated 29-8-1940 whereupon the Government were pleased in their order No L 2400-3/Ml 116-3 dated 24-9-1940, to permit the Municipal Council to incur an expenditure of Rs 1200/- for the sinking of an additional borewell to augment their water supply In accordance with their programme of putting down borewells so as to ensure a sufficient supply of water to all parts of the town, the Municipal Council have provided a sum of Rs 2000/- in their current year's budget for this purpose and they pray that the Government may be pleased to sanction an equal amount as a grant out of "Water Supply Grants" for the current year to enable them tosolve the water supply problem or the town permanently and satisfactorily

The Municipal Council have been doing good work and their prayer for grants for (1) drainage and (2) water supply deserves sympathetic consideration In these circumstances, Government may be kindly moved to sanction the grants prayed for out of the reserve held under "Town Improvement" and "Water Supply Grants" for the current year

A copy of the resolution of the Municipal Council praying for the grants is enclosed herein for favour of reference

I have the honour to be

(3) The Dewan inspected the site for the supply of water to Chikballapur from Veragappa's well As the Municipal Council is not in a position to meet its quota of the scheme proposed, which is estimated to cost Rs 1,59,409, a simpler scheme may be prepared in consultation with the Department of Public Health

(4) The Municipal Councillors were also asked to send up a considered scheme in regard to drainage for the whole town with proposals for carrying out by stages having regard to the resources of the Municipality

LAW DEPARTMENT, BANGALORE

Sir

Subject - Grants for the improvement of drainage and water supply in Chickballapur Town

With reference to your letter No L 6347, dated 26/1/1942, enquiring whether the instructions of the Dewan issued during his tour in the Chickballapur Sub Division in August last were kept in view while the marginally noted grants were recommended to the Municipality in my letter of even number dated 3/12/1941, I have the honour to state as follows -

Rs 4000/- for drainage
Rs 2000/- for sinking of borewells

(1) DRAINAGE - A comprehensive drainage scheme at an estimated cost of Rs 66,900/- intended to meet the requirements of the whole town was sanctioned by Government in their order No L-2024-7/M1 111-38-4, dated 21/9/1939 in which the Government have also approved the proposal of the Municipal Council to work out the scheme in about 8 years The first stage of the scheme costing Rs 8560/- was worked out, the cost being met by the Government and the Municipality in equal proportions as per G O No L 6541-4 M1 51-39-102, dated 25/1/1940 The Municipal Council now propose to work out the second stage at an estimated cost of Rs 8000/- during the current year and have provided Rs, 4000/- for the purpose in their budget estimates with the expectation of obtaining a like amount as a grant from Government out of Town Improvement Grants for the current year It will thus be seen that this proposal is in accordance with the Dewan's instructions contained in para (4) of the extract from his Tour Notes received with your letter under reply and the prayer of the Municipal Council was recomm-

P T O

recommended to Government for sympathetic consideration

(2) WATER SUPPLY An estimate for Rs 1,59,469/- for the supply of water to the town from a well called Kagappa's well was considered by the Municipal Council but the scheme had to be dropped on account of its heavy cost The idea of sinking a sufficient number of borewells to meet the demand for water supply for the entire town was then considered by the Municipal Council and this appeared more feasible On a recommendation from this office Government were pleased in their order No -L 2401-3/41 116-40-3, dated 24/9/1940, to permit the Municipal Council to incur an expenditure of Rs 1200/- for the sinking of a borewell The Sanitary Engineer has been requested to make necessary arrangements for sinking a borewell It is not definitely known whether the proposal of the Municipal Council to sink bore wells to meet the water supply requirements of the town has been approved by the Director of Health I have addressed the Director of Health in the matter and I will make a further report to Government after ascertaining his views

In the meanwhile, a grant of Rs 4000/- for the improvement of drainage may be kindly sanctioned

I have the honour to be,
Sir,
Your most obedient servant,

S. Narayanagowda

DEPUTY COMISSIONER,
